

POPPENVILLA DOLLS VILLA BY LILIANE LIMPENS

by Harry / October 5, 2011

Liliane Limpens' Poppenvilla is a sustainably built, mobile, contemporary dollhouse.

<http://mocoloco.com/archives/025821.php>

Limpens' Doll Villas are actually innovative play furniture on wheels made of durable materials for 30 cm dolls, for both boys and girls. The villas are made in Germany.

Says Limpens, "The implicit message I want to give to children is: 'Look, here is a villa made just for your children. No expense has been spared, on the contrary. If your children - the dolls - are happy, this contributes to your own happiness.'"
